In a quiet, shady spot.

Just peeping through, half hid from view,
Stands a little, moss grown cot,
And straying through the open door,
The sunbeams play upon the sanded floor, The easy chair, all patched with care, is pieced by the old hearth-stone:
With witching grace, in the old fire place,
The evergreens are strewn,
And pictures hang on the whitened will,
And the old clock ticks in the cottage hall.

More lovely still on the window-sill,

The deweyed flowers rest,
While 'midst leaves on the mose-grown cav.
The martin builds her nest,
And all day long the summer breeze
Is whispering love to the bended trees.

Over the door, all covered o'er With a sack of dark green baize, hier a mushed old, whose worth is told In the events of other days; And the powder-flask, and the hunter's hor Have hung beside it for many a morn.

For years have fied with noiseless tread,
Like fairy dreams away.
And left in their flight, all shorn of his might,
And father, old ank gray; [hair.
And the soft winds plays with his snow-white
And the old man sleeps in his easy-chair.

Inside the door on the sanded floor, Light, airy footsteps glide,
And a readen fair, with flaxen hair,
Kneels by old man's side—
And old oak wrecked by the angry storm,
While the ivy clings to its frembling form.

A Grasshopper Story.

[Denver News.] The fellow who came in from the St Vrain a day or two ago, and solemnly ter advices from that region inform us that the St. Vrain river is literally black from bank to bank with floating grasshoppers. One rancheman, who had over two hundred acres of wheat in nice growing condition, will be completely a verdict of \$100 for the plaintiff. pletely stripped off his crop, the young grasshoppers have gone through his field like a prairie fire. These pests are described as very diminutive in are described as very diminutive in size—not more than an eighth of an inch in length—but, like the sands of the sea, the capnot be numbured. By actual count in the St. Vrain valley, there are 17,000,000,000,000,000,000,000 of grasshoppers how at work upon the crops of that locality.

Ayer's Cathartic Pills.

For the relief and cure of all derangements in the atomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain an executy or mine.

use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by Ayer's Pills, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure:

For Dyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Billious Headache, Sick Headache, Jaundice or Green Sickness, Billious Colic and Billious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

diseased action of the mild dose is generally required.

For Bysentery or Diarrhers, but one mild dose is generally required.

For Rheumatism, Gout. Gravel, Palpitation of the Heart, Pain is the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear. complaints disappear.
For Dropsy and Dropsical Swellings,
they should be taken in large and frequent doses
to produce the effect of a drastic purge.
For Suppression, a large dose should be
taken, as it produces the desired effect by symtaken, as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidely better, from their cleansing and renovating effect on the digestive apparatus.
